

Jesus Córdoba

Frontend Developer

I'm a 25 year old Venezuelan developer. I have over four years of experience in web development. I've worked in several remote positions for international companies based in the U.S.A, Argentina and Venezuela. I have functional knowledge in Photoshop and creating user friendly UI. I have a lot of experience using Wordpress as well as CMS, SHOPIFY, WEBFLOW, VTEX, VTEX IO, SASS, JAVASCRIPT VANILLA and REACT. I am self-taught, and always look for new technologies and techniques to increase my professional level and to produce a higher quality code.
